

Have You Heard?

Dorothy McCain Elsenius

Last week we mentioned that Verna Wells, who with her husband, Myrtle, used to operate Wells' Shoe Repair on Solano Ave., was a patient in the Carlin Convalescent Hospital.

We are sorry to say that Mrs. Wells passed away last Thursday morning. Services were held at the Grace Baptist Church on Monday afternoon.

We hear that "Brute Force" was used at a recent DeMolay installation. Actually Brute Force is the name of an up-coming rock group, composed of four talented local young men, putting their own expressive sounds together into a stimulating force of sonic vibration.

The boys, Mike Grosenheider, Bob Salas, Gregg Fehr, and Rob Howe, have played locally for many private parties and organizational meetings. They are currently working on their first album. Inquiries should be made to Dave, at 526-4506.

Eleven year old Eddie Howe, member of Albany Little League's Athletics team had been looking forward all year to marching in the Opening Day parade, and can't wait as his hopes dashed when his nose was broken during practice, and he had to be replaced on the team.

The lad was broken-hearted until Athletics manager, Carl Gasman heard about the situation. Carl bought Eddie a new helmet out of his own pocket, dug up a team jersey . . . and the little Athletics was one of the proudest marchers in last Saturday's parade.

After all—that's what Little League is all about—for the kids! They need more managers like Carl.

Kindergarten Registration

Albany youngsters who will be five years of age on or before December 2, 1972, should be registered at the school in their neighborhood on Friday, May 5, between 1 and 4 p.m. Parents are urged to register children at this time so that school officials may plan for adequate facilities and teachers when school starts on Wednesday, Sept. 6.

Parents should bring the child's birth certificate and be prepared to fill out health forms which require a record of vaccinations, immunizations, and childhood diseases.

Polio, measles (rubella) and D.P.T. immunizations of each kindergarten child are now required by California law. No child can unconditionally enter kindergarten next fall unless he has had these immunizations. Verification of the dates a child received these immunizations must be presented. However, if a child has had measles, immunization for this disease is not required.

University Village children of kindergarten age who will be living in the village next year should be registered at Vista School. All other Albany children of the legal kindergarten age should register at their neighborhood school. Although kindergarten children in the Marina area next fall will be attending the Primary School located at Albany High School, the pre-registration will take place as usual at Marin School.

Mussel Warning

A special warning to members of the Bay Area's Philippine community was issued today concerning the danger of eating California mussels during the coming annual quarantine period.

The possibility of accidental poisoning is greater to these residents—particularly recent immigrants—because in the Philippine Islands such shellfish are regarded as a special delicacy, and may be eaten safely throughout the entire year.

California mussels, however, are poisonous for several months each year because of the summertime coastal organisms they eat, and consequently they are under a quarantine from May 1 to October 31.

Dr. James C. Malcolm, director of the Alameda County Health Care Services Agency, said three outbreaks of paralytic shellfish poisoning were reported last year—two of them involving persons of Philippine extraction now living in the Bay Area.

Albany McGovern Group To Celebrate Opening

Albany citizens actively supporting the candidacy of Senator George McGovern, will gather Friday evening, May 5, at the home of Mr. and Mrs. Milton Nason, 963 Ventura Ave., Albany. The combined organization meeting and get-acquainted social event, will also serve to celebrate the opening of the Albany McGovern for President headquarters at 1552 Solano Ave. on the following day, May 6.

Recent national events have made the June 6 California Primary crucial for the McGovern campaign, and have enhanced the opportunity for victory for the Senator. All citizens wish-

The third and final public hearing on the proposed General Plan for Parks and Recreation will be held on Thursday, May 4, 1972, at 7:30 p.m. in the Council Chambers at City Hall. It is the hope of the Park and Recreation Commission that all those people who have expressed concern about the present Park and Recreation facilities, or the lack of facilities will be there to present their concern to the Commission.

Firefighters Set Kiddie Show

The Albany Firefighters Association, composed of members of the Albany Fire Dept., and affiliated with the California State Firemen's Association, will present a children's benefit variety show at the Albany High School Gym, Friday, June 16, at 7:30 p.m.

This will be the first time that the Albany Firefighters have held such a benefit show, and proceeds from the event will be used to finance the Association's various activities, including the Widows & Orphans Fund.

The show itself will feature magicians, animal acts, performers who make animal figures from rubber balloons, musicians, and other performers who specialize in entertainment for children between the ages of four and 12 years.

The Firefighters are asking local businesses and families to join in the project by buying a booklet of children's tickets. Any tickets purchased in excess of business or family needs can be donated to various youth groups in the area.

Note of Thanks

I wish to express my thanks and appreciation to each and everyone who attended my Retirement Dinner and helped make it such a happy occasion.

A very special thank you to the Committee who worked so hard planning the dinner, I am very grateful.

I also wish to thank the Albany Times for all the help and cooperation given to me during my tenure of office as City Treasurer.

To all the citizens of Albany, I extend my thanks and appreciation for their vote of confidence these past years. It's been my pleasure to serve you and the City of Albany as your City Treasurer.

Contractor Suggests City Should Overhaul Ordinance

In an impassioned plea, during "the good of the City" segment of Monday night's City Council meeting, Al Shore, local developer, urged the Council to re-evaluate the present planning and zoning ordinances in regards to the construction of apartment buildings, "to give the builder the incentive to bring in good plans."

Noting that the ordinance is approximately 10 years old, and conditions have changed, especially construction costs which increase greatly each year, Shore told Council members that "for the good of the City" they should take another look at their ordinance.

The resolution to formally establish the "Albany First Committee," held over from the April 24 meeting, was held over again until Councilman George Hein returns from his trip to the East.

At Councilman Hubert Call's request, and because Councilman Richard Clark refused to make appointments to the Committee until he knew more about it, Mayor Joe Carlevaro agreed to call a work session as soon as possible, to form the ground rules and guide lines for the Committee.

Councilman Clark asked, as Park and Recreation Commissioner, for permission to "seek funds from any source, local, state or federal," to establish new parks in Albany and/or improve those already in existence. He would do this, he said, "with no prejudice or commitment on the part of the City." All he wanted, he continued, was to be allowed the latitude to search for such monies, without committing the City.

On the "question," Councilman Lew Howell agreed it would be good for Clark to "explore possibilities," but he in no way would want any outside agency to take over any Albany park and have the Albany Police powerless to enforce the law.

"Over the years," Howell stated, "at least once every two or three years, people suggest a park for Albany Hill. However,

no one has taken the time to find out if the people in Albany want to give up the revenue from Albany Hill property, that is now being used to help run the City."

"Do all the people in Albany want this park? Maybe this is something that should be put on a future ballot," he concluded.

The Council also passed an emergency Resolution (No. 72-28) urging retention of mail carriers at the Albany Post Office, and opposing their removal to the Gilman St. complex. The resolution was to be "hand-delivered" to the Berkeley Postmaster Tuesday morning, preceding a meeting of the Berkeley Post Office staff, which would be studying the possible implementation of this plan.

At the request of American Legion Auxiliary, Albany Unit No. 292, the Mayor will proclaim May 26 and 27 "Poppy Days," and the month of May as "Correct Posture Month," at the request of the California Chiropractic Profession.

A communication from Mrs. Camille Coons of 800 Solano Ave., requesting the installation of a light signal at Pierce and Solano, was referred to the Chief of Police and the City Engineer, for a traffic survey.

Communications from Jon J. Matheson, 836 Jackson St., and Mrs. Cliff D. Treney, 943 Kains, concerning the proposed construction on Albany Hill, was ordered "held over" to be read in case of appeal to the Council on the Planning and Zoning Commission's granting of the use permit for the project.

The Council also accepted a warrant from the Alameda County Board of Supervisors, in the amount of \$50,508.84, as Albany's share of Gas Tax Funds under the Mayors' Formula. The money will be used by the City to widen the southern portion of Masonic Ave.

Reduce Spending Says Albany GOP

The Albany Republican Assembly has fired off a resolution to Gov. Ronald Reagan, calling for a thorough consideration of costs and resources, prior to voting for programs.

"The only way to reduce taxes," the covering letter notes, "is by reducing government spending. Albany Republican Assembly proposes that the Legislature can accomplish essential programs, within the limited resources of taxpayers. . . ."

The resolution reads as follows: "WHEREAS it is customary for legislators to first vote expenditures and subsequently consider the means or taxes to pay the bills, and

"WHEREAS, in the customary procedure, voters have little or no opportunity to hear of or to consider the tax aspects of proposed legislation—except for bond issues, and

"WHEREAS the customary procedure amounts to a blank check, which results in spiraling taxes,

"THEREFORE BE IT RESOLVED that the Albany Republican Assembly proposes a State Constitutional Amendment to require that all legislation shall include specific provisions for funding both the capital costs and maintenance of the pro-

Extend Hours

The Albany Library Board of Trustees is asking the cooperation of the City Council, as well as all city and county departments, in seeking an extension of the library's hours "during the current educational crisis in Albany."

A letter to City Administrator James Turner, from the Alameda County Librarian, Miss Barbara Boyd, had stated that the county budget and personnel do not permit extension of services or hours at the Albany Branch Library.

However, the Board of Trustees quickly noted that when the library was operating under the auspices of the City, it was open 63 hours per week, with a staff of three, and "now, with at least twice that staff it should be possible to maintain longer hours of operation without additional expense."

The library is currently operating 42 hours a week, from 12:30 to 9 p.m., Monday through Thursday, and from 10 a.m. to 6 p.m. on Friday and Saturday.

With no Summer School this year, and plans to put many Albany students on double sessions this fall, and with an additional load to be put on the Albany High School library, due to the placing of elementary classes there from the condemned portions of Marin and Cornell Schools, it is felt that the Albany Library will be in greater demand for use than ever before.

At the suggestion of Councilman Richard Clark, the Council agreed to adopt the Library Board's recommendations, which will be passed on to the County Librarian.

Respectfully,
Samuel R. Dows, President
Copies of the resolution were also sent to the Honorable Clark L. Bradley, Honorable Bob Mondagan and candidates Tom Miles, Emil Karlson and Dan Devlin.

Retired Treasurer Feted

About 300 friends, relatives and business associates of Marietta B. Ferreira, retired City Treasurer of Albany, attended a dinner in her honor April 19 at the Fratellanza Club.

Police Inspector Arthur Smith was master of ceremonies. Others at the head table were Mrs. Smith and Gil Ferreira, her husband of 24 years, who had a furlough from the hospital to attend her dinner, and all City Councilmen and their wives, including newly-named Mayor Joe Carlevaro.

Mrs. Ferreira moved to Albany in November, 1937, and still resides in the original home on Stannage Avenue. She became general clerk for the city August 17, 1944; deputy City Treasurer, June 25, 1956, and was elected City Treasurer April 12, 1960, and re-elected in 1964 and 1968 for four-year terms. She has been a member of the Albany Police and Fire Pension Board since April, 1959.

She is a member of Alberito Business and Professional Women's Club; Albany Municipal Employees Association; California

Municipal Treasurers' Association; Fratellanza Women's Club and St. Ambrose Church.

City Attorney Lawrence D. S. ler read the resolution passed by Albany City Council in Marietta's honor. Other presentations were made by BPW President Gertrude Paszkowski; Soroptimist President Bette C. Rhodes; Mayor Carlevaro; Albany Municipal Employees President Buelah Belling and former associate Mabel Hansen, who presented a money tree from everyone attending, made by Hazel Minogio. The honored guest also received two orchids and a fresh Hawaiian lei.

Mr. and Mrs. Ferreira are the parents of two daughters, Gloria, now Mrs. Charles Borreani, who has five children, including triplets; and Janet, married to Harold Olcott, who has three children. The Olcotts were en route to Brazil and unable to attend. The Ferreriras also have a son, Gilly, Jr., who attended.

Among the honoree's relatives attending were six sisters, Angelina Albanese, Annie Milam, Nickie Guzzo, Jeanetta Lewis, Jennie Konnis and Grace Olivett; three nephews, Ben Albanese, Luke Albanese and Robert Salisbury; four nieces, Grace Slaten, Nancy Lovesey, Jeannie Canady and Dianne Phillips; an aunt, Jennie Volpe, and two cousins, Angie Jensen and Anne Smith.

Many retired city employees also attended the party.

Hill Project OK

A vote of 3 to 1, by the Albany Planning and Zoning Commission, last week granted approval for the construction of a 210-unit apartment complex on Albany Hill, a project that has won the disapproval of a group of concerned citizens who would prefer to save the Hill for a public park. The fifth member of the Commission, Robert Luoma, was in Herrick Hospital.

A representative of the architect for the project, Jens Hansen Associates, said the developers, Shareholders Capital Programs, will give careful consideration to preserving the terrain on the two-acre site valued at \$360,000.

Those speaking against the project had urged that the public be given a chance to raise funds to purchase the property, and William McKenna, Commission Chairman, cast his "no" vote to do just this.

The permit was granted, subject to the approval of architectural and landscaping details. The opponents have 10 days to appeal to the City Council to reverse the Planning and Zoning Commission's decision.

(The views expressed in the following letters are those of the individual writers, and do not reflect, in any way, those of this newspaper.)

Open letter to Mayor Carlevaro and City of Albany Council Members:

Regarding decision at last Council meeting to send letter to the President of the United States demanding troop withdrawal from Vietnam in 90 days.

Dear Sirs:

Please do not presume to speak for the entire City of Albany in national and international affairs. You do NOT speak for me, and I am a bona fide, tax-paying property-owning, long-time citizen of this city.

I do not agree with the political conduct of the war in Vietnam. I do not agree that any President should exercise the war making power without a declaration of such from Congress. Our Constitution expressly forbids this.

However that may be—men were and are committed to the field in defense of the political entity of South Vietnam by the signing of the ill-conceived Gulf of Tonkin resolution—which was approved of, by the way, by all the prominent "doves" including McGovern, Muskie, McCarthy and Kennedy. It was these same breast-beating Liberals who got us in this mess to begin with, who pose today as such holy peace-makers by demanding that the United States now cut and

run.

Even further, history shows that had MacArthur been allowed to win a decisive victory in Korea, the war making potential of the Communists would have been destroyed in Southeast Asia—and there would have been no war in Vietnam.

But, war it is in Vietnam. We are committed there. We have men rotting in POW camps. Can we just say to our enemy—we will pick up our marbles and go home in 90 days? (Why 90 days? Is that a magic number of some sort?) What sort of an asinine announcement is that anyway? All the enemy would have to do, should we make such an announcement, would be to plan a full scale invasion on the 91st day.

If anyone really wanted to end the war, they would call for an immediate end to the American aid and trade to all countries supplying the North Vietnamese, the closing of the seaport of Haiphong through which those supplies pour, the lifting of the inhuman restrictions now placed upon our fighting men, the closing off of the sanctuaries, now allowed the enemy and the hitting of all strategic targets from the air—as the John Birch Society and responsible military men have been doing for years.

If we cut and run from our commitment, as you suggest, announcing the date of our departure to the enemy prior to the day of retreat—or if we continue this no-win slaughter—we will see another disaster of this same sort somewhere else very soon. Those who have precipitated Korea first, and then Vietnam, will have us in Indonesia, the Philippines, Australia—maybe even Hawaii. To pull out means to repeat the same continued bloodshed again. Like the bully in the school-yard, the Communists will not stop in their take-over of the world until the line is drawn. Where do you gentlemen suggest we draw that line? In my back yard—or yours? If the American people con-

tinued to be blinded and duped by mis-informed leaders like you, the over 45,000 American men killed in Vietnam will not have simply died in vain—but for an even sadder purpose. They will have died to serve the visible purpose for which the war has been fought under three administrations, both Republican and Democratic—namely to advance Communist prestige, power and destructiveness, not only in Asia, but also here in the United States.

May I remind you lastly, that you were elected to tend to the civic problems only. If you do not have enough city problems or business to occupy your time at the weekly meetings, may I suggest that you just go home? And from your homes, if you each wish to send your misguided, and ill-informed suggestions on to the Federal Government or to the President—please do so—as individuals. Just do not, I beg, represent (or mis-represent) those opinions as coming from the entire City of Albany, California.

Is it your intention to follow the example of the City Council of Berkeley? What are you contemplating for this coming week? The city take-over of PG&E, or the collecting of blood to send to the Viet Cong?

Yours in disgust,

The following is a copy of a letter I have sent to the Albany Parks and Recreation Commission:

Re: Open Hearing, Apr. 27, 1972
Madam Chairman:

May I congratulate you on a farsighted planning for a better life in Albany. As a resident for 46 years I have a great fondness for this City, with its comfortable homes, clean air and gracious people.

I wish to emphasize the remarks made by Councilman Richard Clark which I understood to urge that we must look ahead and not be afraid to undertake those programs which will enhance the City. I believe this is the objective of your Commission.

My next remarks may appear contradictory but I assure you they are only an effort to assess the problems as a whole so we can arrive at practical solutions.

I'm not advocating that schools are more important than parks. I believe each of us will have his own ideas of priorities.

The tentative school plans to compass some of the same lands (Feeny Field) that your Commission have in mind. Our schools do face a pressing and immediate building problem. Whatever percentage of property pays the bills, Albany taxpayers must consider a school bond issue.

2. 35% of the area of Albany (excluding Albany Isles) is tax exempt. Which means that 65% of the area pays the bills. If the undeveloped "hill" area should become a park, the figures would go to 48% tax exempt and 52% would pay the bills. When Albany Isles is included, the figures will change—at least 53% tax exempt and 47% to pay the bills. In these figures lies the reason why taxpayers in Albany may be loath to support all bond issues.

3. Our City Council, under Mayor Carlevaro, is setting up an "Albany First Committee" which is oriented toward more profitable business. An important consideration faced by any prospective business is taxes.

In summary, I urge your Commission to seek an over-all picture of Albany. If we don't live together—we won't live.

Respectfully,
SAMUEL R. DOWS

Editor, the Times:

The following is a copy of a letter I sent to the Albany City Council and the Planning and Zoning Commission:

Gentlemen: I strongly urge that you delay making a final decision on the proposed 120 unit apartment project to be located at the top of Albany Hill. A study needs to be made on the present parking situation.

At 5 p.m. on a recent Sunday (April 23) I counted seven cars parked across the street from the existing 19 apartment units located on Taft St. There were three vacant garage spaces in the apt. buildings.

At 8:30 p.m. the same day I counted nine cars parked across the street from the buildings, with two vacant garage spaces at the apt. buildings.

Simple arithmetic indicates that with 120 apartment units, there would be 120 cars provided with garages, and up to 54 cars parked on Taft. I don't think there is enough space on Taft St. for so many cars. Would the extra cars park on Hillside Ave.?

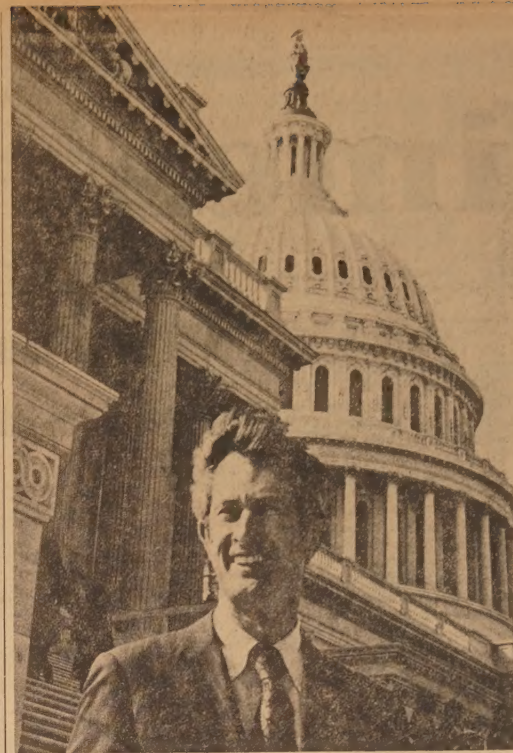

It seems obvious to me our present parking standards are obsolete. They need to be increased to a minimum of 1½ parking spaces per apartment unit.

I hope this apartment project will be delayed until more information can be gathered on this parking situation. Rushing at this time could give us big problems in the future. Let us take time out for a parking study.

Sincerely yours,
JON J. MATHESON

Editor, the Times:

I realize that a Councilman has the privilege of selecting his Commissioners. I feel that with

PETER HANNAFORD, candidate for the Republican nomination for the 7th Congressional District seat now held by Ron Dellums, has returned from his recent visit to Washington, D.C., for a series of conferences and to attend House committee hearings. In reporting on his visit he was critical of Dellums' attendance record for roll call voters in the first session of the current 92nd Congress. "He was tied for 25th place out of 38 Congressmen from California," Hannaford said. "This reflects his interest in outside personal 'crusades' which have been widely publicized." If elected in November, Hannaford said he would be "interested in one thing: representing the people of this diverse District full time."

privilege goes the responsibility of personally notifying an appointee of the termination of his tenure of office. It is with this concern and the concern for losing the abilities of a conscientious public servant that a wide political and geographical cross section of the Albany community came to address itself to the problem in the following letter, signed by 113 residents:

"We wish to speak to Mr. Clark's proposed resolution that Mr. Herbert Rubin be appointed to the Planning and Zoning Com-

mission. Some of us voted for one or both of these gentlemen in the recent election; some of us did not. We now come together to ask that Mr. Clark's proposed resolution be amended to continue the tenure of office of Mr. William A. Johnson on the Planning and Zoning Commission and to continue Mr. Rubin's tenure of office on the Civil Service Commission.

"Mr. Johnson has carried out the duties of his office with honesty and integrity and has expended many hours in study and

meeting with his colleagues to carry out in the best possible manner the zoning laws and planning policies of the City of Albany. Mr. Johnson is a dedicated public servant and we wish to maintain his services on behalf of our city."

I would further add to the concern that some of us would like to see a closer City Council-School Board relationship. To this end, the Citizens' Advisory Committee asked for a representative from the Planning and Zoning Commission and Mr. Johnson is the appointee. Mr. Johnson will remain on the Committee but the City will no longer be represented if Mr. Johnson leaves the Commission.

I attended the City Council meeting Monday night (April 24) and I find the contention by the Rubin supporters that democracy was not being served very difficult to understand.

As I understand it, Mr. Rubin lost the election; he did not win. In addition, I feel that if a vote for Mr. Clark were also a vote for Mr. Rubin that we voters should have been informed BEFORE the election.

A dishwasher can save you about twenty hours of dishwashing drudgery a month. And since it uses hotter water than your hands can stand, your dishes, pots and pans will come out cleaner and more sanitary. Hold dirty dishes in it until there's a full load, instead of frequent washing, and you'll save water, detergent and heat. It's a rinser, washer, dryer all in one. And you can warm plates and store dishes to be washed in it, too. You'd love what a dishwasher can do for you.

Harumi Ban, AFS student at Albany High, says students in Albany schools are very lucky in comparison with those in his native Sapporo, Japan. They especially have more freedom here, and choose most of their subjects and their teachers, which is not allowed in Japan. The schools here are better, too, he says—in spite of the fact that some portions of ours are currently condemned as earthquake hazards, Harumi showed the Albany Scroptimist Club some pictures which made Albany schools look very good in comparison.

Cycle For Funds

Only a few days remain until the Alameda County Heart Association and the American Youth Hostels stage the 2nd Annual Cyclethon, which will be held on Saturday, May 6, in five different cities throughout the County, according to this year's chairman, Oakland Raiders all-pro center, Jim Otto.

If you enjoy cycling for fun and health, here's an opportunity to help raise funds for two worthy organizations, as proceeds from the event will be used to further research into the causes and cures of heart disease, and towards establishing American Youth Hostels in the Bay Area.

Bike courses will be located at the Lake Merritt Boat House, Oakland; Washington Park, Alameda; Stenzel Park, San Leandro; Central Park, Fremont, and Carnegie Park, Livermore. For further information call the Heart Association office, 530-0400.

Help Them To See

The Ellis-Olson Mortuary has been collecting discarded eye glasses and metal costume jewelry for "New Eyes for the Needy" of Short Hills, New Jersey, for the past six years, and the following is a recent response to one of the Mortuary's packages:

"Just a note to let you know that your package has been received here, and that we are grateful for your thoughtfulness. Your kindness has helped us provide glasses and artificial eyes to more than half-a-million needy people, here and abroad."

"Can we ask just one more favor? The uniqueness of NEW EYES is that it is a non-profit, volunteer charity that never asks for money. Perhaps you can tell your friends that what we need are discarded eyeglasses and precious metal scrap, such as jewelry (antique, real or costume), silverware, dentures, hearing aids, etc."

Every little bit helps another needy person to see. MANY THANKS FOR HELPING US TO HELP!"

Silver Anniversary Celebrated

MR. AND MRS. ALBERT DREYER reminisce over the past 25 years, as they cut the cake marking their Silver Wedding Anniversary. —Larimer Photo.

Approximately 70 relatives and close friends joined together recently, to honor Madeline and Albert Dreyer of Albany, on the occasion of their 25th wedding anniversary.

Hosts and hostesses for the party, which was held at the Eagles' Hall in El Cerrito, were the Dreyers' two daughters and sons-in-law, Mr. and Mrs. Bill Williams (Sharon) of Los Molinos, and Mr. and Mrs. Neal Bair (Donna) of Vacaville. Both girls are former Maids of Albany.

The surprise affair was a champagne buffet, followed by dancing to music provided by members of Mrs. Dreyer's family. A highlight was the "Anniversary Waltz" violin solo, played by Dr. Ladis Kovach of Salinas.

Dreyer, a native of Daly City, is one of six children. His wife, one of 10, came from Oklahoma. Both their mothers are living—his, Mrs. Rose Pederson, is 93 years old and in a convalescent

home in San Pablo. Her mother, Mrs. Grace Ritchson, 72, is in a home at Davis.

Both their daughters are employed. Sharon, a teacher at Red Bluff High School, received her teaching credentials from Chico State. Donna is employed by the Vacaville Reporter.

Among out-of-town guests were eight brothers and sisters of Mrs. Dreyer: Mr. and Mrs. Charles Teague, Salinas; Mr. and Mrs. James Martino, Woodland; Mr. and Mrs. Clanton Blaylock, Chico; Mr. and Mrs. Brice Blaylock, Winters; Donald Blaylock, Salinas; Dr. and Mrs. Lovach, Salinas; Mr. and Mrs. Bill Blaylock, Medford, Oregon; and Mr. and Mrs. Leo Blaylock, Davis.

Others attending included Albert Dreyer's brother and wife, Mr. and Mrs. Arthur Dreyer of Sacramento, and close friends, Mr. and Mrs. Clifford Gray of Chico. Mrs. Gray assisted the orchestra by playing the piano.

Montessori School

Community interest is being sought for the establishment of a creative Montessori School for children, ages 3 to 6.

What is Montessori? This method of education is both a philosophy of child growth, and a rationale for guiding it. It is based on the child's developmental needs for freedom within limits.

A carefully prepared environment is provided, which exposes the child to materials and experiences through which to develop the intellect, as well as physical and psychological abilities.

A creative Montessori program incorporates other successful educational methods, such as those found in the British Infant Schools.

If you are interested in seeing such a program established here, or wish other information, please call Mrs. Suzanne Watson at 526-1629, or Mrs. Cheryl Kelly, 655-7052.

Creative Retirement

A Creative Retirement Class is conducted at 10:30 a.m. each Wednesday, at the Albany Senior Center, 846 Masonic Ave., under the direction of Mrs. Leila Henderson of Albany Adult Education.

The following programs and speakers have been scheduled for this month: May 3, Swedish Exercise, by Mrs. Gerta Ross, followed by a travel talk by Mrs. Henderson; and May 10, Creative Use of Leisure Time, by Sylvia Sullivan of the Volunteer Bureau.

Environmental Control will be discussed by a Standard Oil Co. representative on May 17, and "What's New in the World of Games," will be revealed by a Capwell's buyer on May 24.

Albany Police Chief Ralph Jensen will wind up the programs for the month, on May 31, with a talk on "Crime Prevention for Senior Citizens."

For information call 526-1601.

Allbany Girl Scouts and Brownies have been practicing for weeks for the Festival, which will be held Saturday, May 6, at the El Cerrito High School Athletic Field.

A County Fair atmosphere will prevail, and booths, featuring "Take a chance for a penny" games and food, will open at 11 a.m., for a day of family fun.

In case of rain, the Festival will be held in Martin Luther King Jr. High School in Berkeley.

AHS Students In Protest Movement

By Lynn Berling

The protesters came marching down the hall waving their signs and looking very purposeful. But there was something very different about this march, than the ones you usually see on TV. The group was all laughs and friendliness. Where was the usual hate rhetoric and the protest cliches?

Well, today they had been left home, because instead those kids marched into Mr. Richard Hillman's room, the English teacher who long ago became a sort of legend at Albany High, the teacher who underclassmen were told "That they should experience at least once," the teacher who is unfortunately leaving at the end of the semester.

Yells of, "What will English be without Mr. Hillman?" and "You're the best teacher we ever had," drifted down the hall.

These were kids from the American Protest Movements Class who had decided to put their new found knowledge to practical use. Changing the mind of Mr. Hillman, yes, that would indeed be a feat!

They burst into Mr. Hillman's class, interrupting a poor covering student who was trying to get through his public speaking assignment as painlessly as possible.

Kevin Westbrook, an AHS junior, finally got up to the podium and amid cries from the audience of, "Enunciate, enunciate!"
